The Effort to Sell the USPS and Eliminate the Unions

In June 2018 the OMB published a blasphemous report that it needs to “prepare [USPS] for a future conversion from a Government agency into a privately-held corporation.” The report also recommended cuts to service. The Task Force issued its public report in December 2018. It laid out a roadmap to meet the OMB’s plan of selling off the USPS. The Task Force recommended cuts to service, eliminating delivery days, increasing private mail sortation, and even franchising of the mailbox.
